*To the Inhabitants of the Town of Goffstown, in the County of Hillsborough, in said State, Qualified to Vote in Town Affairs:*

You are hereby notified to meet at the town house in said town on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers and agents for the ensuing year.

2. To raise and appropriate such sums of money as may be necessary for the support of schools, for the maintenance of the poor, for the repair of roads and bridges, and for Memorial Day.

3. To see how much money the town will vote to raise for the Rogers Free Library.

4. To see if the town will comply with the provisions of the law for the purpose of procuring state aid for highways.

5. To see what sum of money the town will vote to raise for improvements in cemeteries.

6. To see how much money the town will vote for the erection of a soldiers' monument.

7. To see if the town will vote to place a stone curbing on the south side of the Central Square lot, north of the hotel, and appropriate money for the same.

8. To see if the town will vote to instruct the selectmen to divide the town into twenty highway districts, and appoint in each district one man as highway surveyor, agreeable to a petition of W. L. Roberts, and others.

9. To see if the town will vote to place suitable fire escapes on the town halls and appropriate money for the same.

10. To hear the report of the special committee appointed to investigate in regard to libraries, and pass any vote relative thereto.

11. To see if the town will vote to build a public library and memorial hall, and appropriate money for the same.

12. To see if the town will vote to purchase a sidewalk scraper, to be used at Grasmere, and appropriate money for the same.

13. To hear the reports of agents, auditors, and committees and pass any vote relative thereto.

14. To transact any other business that may legally come before said meeting.

Given under our hand and seal this twenty-second day of February, 1908.

## REPORT OF BOARD OF HEALTH.

---

The board of health has had a busy year in many ways. Quite an epidemic of diphtheria broke out and eleven cases were reported to the board. There has been reported twenty-five cases of tuberculosis, one of measles, and one of typhoid fever. An analysis of the water supplied the village has been made and the report has been very satisfactory. The building of the new reservoir and the shutting out of a stream that colored and contaminated the water supply has resulted in an improvement both of the color and purity of the supply. The precinct needs very much an extension of its sewerage system. A good beginning has been made on the south side of the river, and this should be extended at once. Many have now added bathrooms to their houses, and the only proper way to dispose of the waste is through a competent system of sewers. There is also great need of a place to use as a public dump for refuse, and one has been asked for, but none as yet provided. Your board of health has studied the sanitary condition of the town with much thoroughness, and feel that what they ask for should be furnished. Our thanks are due the selectmen, who have seconded all our efforts to keep the village clean and healthy.

## REPORT OF THE TRUSTEES OF THE ROGERS FREE LIBRARY.

---

The year just passed has been an interesting one for our library. We have received many favorable remarks from our citizens looking towards the possibilities of a new building for our books, and we hope that the voters will carry forward this movement at the coming March meeting.

We have added the set of Nelson's Encyclopedia, also an up-to-date dictionary, and many books of travel, including a complete set of Stoddard's Lectures, and we have kept right up in our supplies of the latest and best fiction.

We deeply regret the resignation of our librarian, Miss Isadore Johnson, who had served so faithfully for many years. She had the interest of the library constantly in mind and few realize the labor there is in the position. Sickness in her home caused her to give up her duties as librarian. She had been for a long time most ably assisted by her nephew, Rodney A. Johnson, and he has kindly consented to remain under the new librarian, Miss Mary A. Warren, whom the trustees were fortunate in securing, as she is so favorably known by all.

The new card index system is about completed, and patrons will find this a great help in seeking books for reading or study. We deem it best to keep an unexpended balance in the treasury in order that we may be prepared to purchase new books at short notice.

## REPORT OF THE TRUSTEES OF CEMETERIES.

---

In presenting this, the fourteenth annual report, we wish to thank the citizens of the town for the appropriation which they placed in the hands of the trustees at the last town meeting. We have endeavored to expend the same in a faithful and judicious manner. During the past year we have extended the water pipes through the yard at Grasmere at a cost of one hundred dollars. Three new lines of water pipe have been laid, quite a large addition graded and added to the lawn, which was commenced one year ago, and an extension of about fifty feet added to the water course in the ravine at the Village cemetery. The yards have been mowed over twice, and several of the stones have been reset.

We have endeavored to keep the yards as neat and attractive in appearance as we could, but we realize that there is a great chance for improvement. We are pleased to note that each year the citizens of the town generally are taking more interest in having the last resting-place of their friends fixed up and better cared for.

The trustees wish to return their thanks to the efficient committee of the Unity Club who have labored so earnestly in the noble work of beautifying our cemetery, and we hope the work of which the Unity Club was the instigator may be continued.

## REPORT OF SPECIAL SCHOOL DISTRICT NO. 1.

### *To the Inhabitants of Special District No. 1:*

Your school board beg leave to submit the following report. We were obliged at the beginning of the year to start out with an entire new list of teachers in the High school: Mr. Walker left for a school in Vermont, Miss Clough to study for a year in Europe, and Miss Anderson to a better position in Massachusetts. They were all good teachers and we wish them success. We were fortunate in securing for our principal, Mr. Robinson of Fall River, Mass., a teacher of experience; Miss Ford of Cambridge, Mass., for first assistant, and Miss Tay of Waltham for second assistant. And while the work of these teachers can only be summed up by the results at the close of the year, yet we have reason to feel that the school will be kept up to its high standard. The other schools have been under the charge of the old teachers: Miss Lucas in the grammar school, Miss Fletcher in the intermediate, Miss Warren in the upper primary, and Miss Scruton in the lower primary, and all have done good work.

The policy of the board in building up the school has been adhered to, and this year we have added a splendid physical equipment to the school, and in physics and chemistry we are as well equipped as any school of our class. The book bill has been high for two reasons: many of the books were worn out and the classes have increased in size, our success in drawing in pupils from outside the district having been very gratifying. The discouraging feature of the schoolwork has been the lack of interest on the part of the parents. We know of nothing where so much money is spent and so little interest taken in seeing what use is made of it, as in our

schools. Every parent who has a child in school and every taxpayer should at least visit the school once each term. If you would, both scholars and teachers would be stimulated to harder work, and all be benefited.

Respectfully submitted,

FRANK BLAISDELL, *Chairman,*

HELEN B. CARR,

CHARLES F. WHITE,

## REPORT OF THE SCHOOL BOARD OF THE TOWN SCHOOL DISTRICT.

---

In presenting our annual report we believe we can say the school year has been very successful.

In several of the schools the winter term was shortened by sickness, much to our regret. ,

Our teachers have worked for the best interests of our schools, and the scholars have united with them in their efforts, so good progress has been made.

We would like to urge the parents to encourage their children to try and have their names appear on the roll of honor, as our registers show too many absent and tardy marks. We would also ask them to visit the schools, not only on the last day, but through the term, and witness the class work, and by their interest give encouragement to both teacher and scholars.

For the first time a graduation exercise was held in the grammar school at Grasmere, and diplomas presented to the class.

We hope this plan may continue and that the scholars in the smaller schools will also finish the studies so they can enter the high schools.

Some needed repairs have been made and our schoolhouses are now in good condition; they will need only minor repairs for some time.

SHIRLEY M. JOHNSON,  
GEO. E. WHITNEY,  
GEO. PATTEE,

# New Goods Arriving Constantly

## A Word About Patent

### Medicine Prices

DON'T entertain the mistaken idea that you must go to the department store or grocery store in order to get the popular patents at popular prices, for we can furnish you these goods as cheap as the largest drug and department stores. We allow no competitor to undersell us.

We buy in large quantities—pay cash. The market is ours. New goods constantly arriving assure freshness and newness. Here is a partial list of prices: Look them over. Can you beat them?

Antiphlogistine,	39c, 63c, 99c	Malted Milk,	43c, 83c, \$3.00
Atwood's Bitters,	19c	Wampole's Cod Liver Oil,	73c
Bromo Seltzer,	19c, 39c, 67c	100 Quinine Pills, 2 gr.,	25c
Castoria, "Fletcher's"	25c	Peruna,	73c
Colgate's Talcum Powder,	15c	Carter's Pills,	15c
